Health Campaigns Together

for a fully funded, publicly owned, NHS & social care service no cuts, no closures, no privatisation end the pay restraint for NHS staff

We must fight to save the NHS from destruction. The threat is real. It is happening now. Hospitals, GPs, mental health, ambulance and community services are on their knees.

Private companies are gaining an ever greater foothold within the NHS. Years of pay restraint has seen the value of NHS staff salaries reduce by 14% since 2010. The Government's Sustainability and Transformation Plans are a smokescreen for a massive programme of hospital and community service closures, and are its latest instrument for privatisation.

The NHS is one of our greatest achievements. We cannot allow it to be undermined and ultimately destroyed. Join us on Saturday 4 March and send a clear message to this Government.

Transport is being arranged from across the country.

**“the NHS will last as long as there are folk with the
faith to fight for it.” Nye Bevan - founder of the NHS**
